YOUR COOPERATION IS REQUIRED

Our curfew is still 11:00. All racers must be in the lanes and ready for your class to run when the previous class is finished. We will not have time to count cars and wait for drivers to return to the lanes. With your cooperation, we hope to be able to still have 2 time trials a night. Please do not ask for extras or a time trial after you are eliminated. We will determine by car count if we're able to do buybacks each night. They may only be in select classes.
